

Letter to our Families

At Eureka Explorers, our students' well-being is of the deepest concern to us. We want you to know that your safety remains our top priority and as such we have decided to cancel our autumn holiday workshops.

The continued spread of the Coronavirus [COVID-19] in Australia and around the world has understandably raised concerns.

We will continue to monitor the situation closely and are following the latest guidance from local, state and federal authorities.

We will resume holiday workshops and events when appropriately safe.

See you next time!

The Eureka Explorers Team.
